

Oh Mr. Means, how we appreciate you
Without you, we would be so blue
You are the best bio teacher around
You deserve a crown

If our class was a cell
You'd be the mitochondria
Your teaching is quite swell
Other teachers give me trichotillomania

Because of these reasons
We'll be given you some pleasins
With these prints we made for you
We'll convey our appreciation anew

Thanks for all your hard work
You deserve to give all other teachers a smirk
